

Who's who in Year 7?

My name is Mrs Jones and I am Headteacher at CHSG. I would like to welcome you to the school and I am delighted to be working with you. You join us at a really exciting time with new buildings and equipment and I look forward to forming a strong partnership in the months and years ahead. Everything at CHSG is geared to making the future a really positive, happy and successful experience.

My name is Mr Devenney and I am a Deputy Headteacher here at CHSG. My role is to make sure that your transition to Secondary School goes well and we have all the information about you from Primary School. I also have to make sure you are challenged from the start and you learn lots of new things at CHSG whilst having a little fun! My main subjects are PE and ICT.

My advice for Year 7 would be "If plan A doesn't work, there are 25 more letters in the alphabet. Never give up – you will find a way".

My name is Mr. James and I will be your Head of Year when you start in September. My main teaching subjects are History and Politics, both of which are also interests of mine. I have been at the school eight years and only just recently said goodbye to Year 11, who I was the Head of Year for until they left to do their exams in May. Outside of school I attend church, I play football for a local team and I support Crystal Palace.

My piece of advice to you is that the best students are often the best listeners, so make sure you are a good listener!

My name is Miss Stanley and I have been at Carshalton Girls for 4 years and teach Maths. We are really looking forward to you joining us in September!

My piece of advice is to ask questions and listen to the answers. If you're not sure, ask someone, and remember someone else probably has the same question!

My name is Mrs Newman and I have been in the school as a Pastoral Support Officer for 6 years. Before this I worked for the Behaviour Support Team in Sutton. I work with all of year 7 and 8 students making sure they are happy and settled in school and offer support and advice for any worries, concerns, friendship issues you may have or your parents may have. I have 4 children who are all grown up. I have visited lots of primary school s for my previous job so I may know some of you or some of your teachers.

One piece of advice I would give you is to see starting Senior School as a fresh start. Come with an open mind to what it will be like, any friendship issues should be left at primary school. If you have any worries ask for help as soon as they happen so we can help you.

Hi my name is Mrs Mellish and I am the Schools Attendance Officer.

I have been in this role for the last 11 years. My main job is to oversee all pupils' attendance and to monitor their punctuality.

My main advice is to be in school every day and to trial-run your route to school a few times over the summer to ensure you will not be late.

My name is Mr Keane and I am the school's SENCo. I am responsible for monitoring and organising the support within our school to ensure that any students with a learning difficulty are appropriately guided in their progress.

I work with students, parents and of course with our teachers to ensure you are reaching your potential. Sometimes it is necessary to work with professionals from outside of school to provide extra support.

My office is in the C block where we also have a number of rooms to provide withdrawal work.
