

Well...what a unique start to 2021. Our students have endured another national lockdown, engaged with online/remote learning, come back to school, some have had to isolate again and they have had to prepare for an evidence gathering period that no one else has experienced before...and its only April 1<sup>st</sup>. All in a all a very topsy turvy experience for our students and one that they have absolutely taken in their stride.

This term we have seen a huge amount of success across the year group. Our Head Girls and student leadership team have been working with the student body to improve the school, we have seen the number of achievement points reach the dizzying heights of just over 20,000 issued and we have seen Banuja achieve the highest number of Golden tickets across the Year group. We have also seen an additional 96 students achieve pink t-shirts for their hard work an effort. A huge congratulations to all students showing their excellent attitude and focus to their education.

We now start a very well deserved Easter holiday. For our kids we must allow them some time to rest and recuperate without loosing site of the next 6 weeks. It will be a tricky balance of revision, practice and organisation so to assist with this I have sent the children a guide on revision, time management and stress management via Show My Homework. It also includes a sample revision timetable that should help the students manage that tricky balance between work and play. As always, if more information is needed then please let me know.

Finally, from me, I would like to wish you all a happy Easter. Please enjoy the relaxing of some the restrictions and please continue to use the Lateral Flow Tests every Sunday and Wednesday to maintain the routine and consistent approach to managing this pandemic. When we return, information will be sent to you all with regards to the specific evidence gathering tasks for each subject but for this to work properly we will need your support in making sure all students remain in school. Please can you continue to test on Sunday evenings and before 7am on the Wednesday morning to minimise as much disruption as possible.

Thank you all for your continued support

## Other notices

### Health and Wellbeing

**EASTER BREAK TIMETABLE**  
1<sup>st</sup> - 16<sup>th</sup> April 2021

**TALK TO US**  
**OFF THE RECORD**  
Open to young people aged 11-25

## REMEMBERING SARAH EVERARD

---

*Following the early and unfortunate death of Sarah Everard, Carshalton High School for Girls decided to pay tribute and show their respects. As an all-girls school successful and historic woman are forever being displayed to encourage and inspire your daughters. Whilst their struggle is recognised, we stop only to focus on what they achieve and how. As we shape girls into young women it has become more apparent that a new lesson and appreciation must be discussed.*

*Sarah Everard was simply a woman who was walking home on her way home from her friend's house. Like many other women she had faith that she would make it home safely; sadly, she did not. The same week she went missing and her remains were found, coincided with international women's day and Mother's Day. The week was about uplifting and honouring women nationally, but for some it was a week full of unpleasant events. In the media that week, Meghan Markle (wife of Prince Harry) was attacked by many in the media and discussions of racism arose. The week evidently was not full of pleasantries and enjoyment, but instead women were loved, hated, hated more and then loved again.*

*An institution like education is important for raising awareness as well as educating student (especially young women) on how to stay safe and remain protected from the dangers they may be exposed to. That is why CHSG has decided to dedicate the month of April to Sarah Everard, by making her the Woman of the month. We*

*encourage the 6form students to write dedication messages as well as sympathy cards to post on our display. Having this exposed in the 6form building increases awareness and the involvement of student participation, generates an appreciation for the reality of what women should not, but do sometimes have to endure.*

*Although the focus resides primarily on Sarah Everard for this tribute, we will not neglect the other women who have been missing and endured the same fate as Sarah Everard. At a time like this in modern society, we realise and appreciate women more so now than ever, and we affiliate ourselves to their struggle. To remember Sarah Everard is to remember every other women like her.*

Shardae – Year 13
