

Stepping In

Name:

Welcome to...

'Stepping In'

It is time to 'Step In' to your new adventure of secondary school. Fast forward in your mind seven years to May 2027 for a moment. You will have just finished Year 13 and your future will be lying before you. It will take ambition, commitment, courage and perseverance to reach that point. But reach it you will! We're looking forward to seeing you there!

Education, like any great journey, is made up of several stages. You, your parents/carers and your teachers have worked hard over the last seven years in your primary school and you should be rightly proud of all you have achieved. It is now time for this next stage in your education journey, and you're ready...

Secondary school is a chance to 'Step In' to something brand new. When new things are about to happen, we like to prepare for what lies ahead if we can. The activities inside this booklet give you that opportunity to prepare for secondary school life and it's made up of several elements...

- 1. My Life in Lockdown
- 2. Summer Challenge
- 3. House Investigation
- 4. Numeracy Ninjas
- 5. My New Routine

We hope you enjoy continuing to think, learn and challenge yourself over the holidays. We are looking forward to reading and talking with you about your booklets when you join us in September

My Life in 'Lockdown'

Now you know a little bit more about us through the Stepping Up programme, we would like to know a little bit about you and the time you have spent in lockdown. We recognise that there may have been a mixture of experiences for you, and we would really value hearing about them. There is a space below for you to write an account describing your time at home.

Characters- Who have you spent lockdown with?

Plot- What have you done throughout lockdown?

Clap for the NHS? help make PPE? Taken up a new hobby? Spent a lot more time with family?

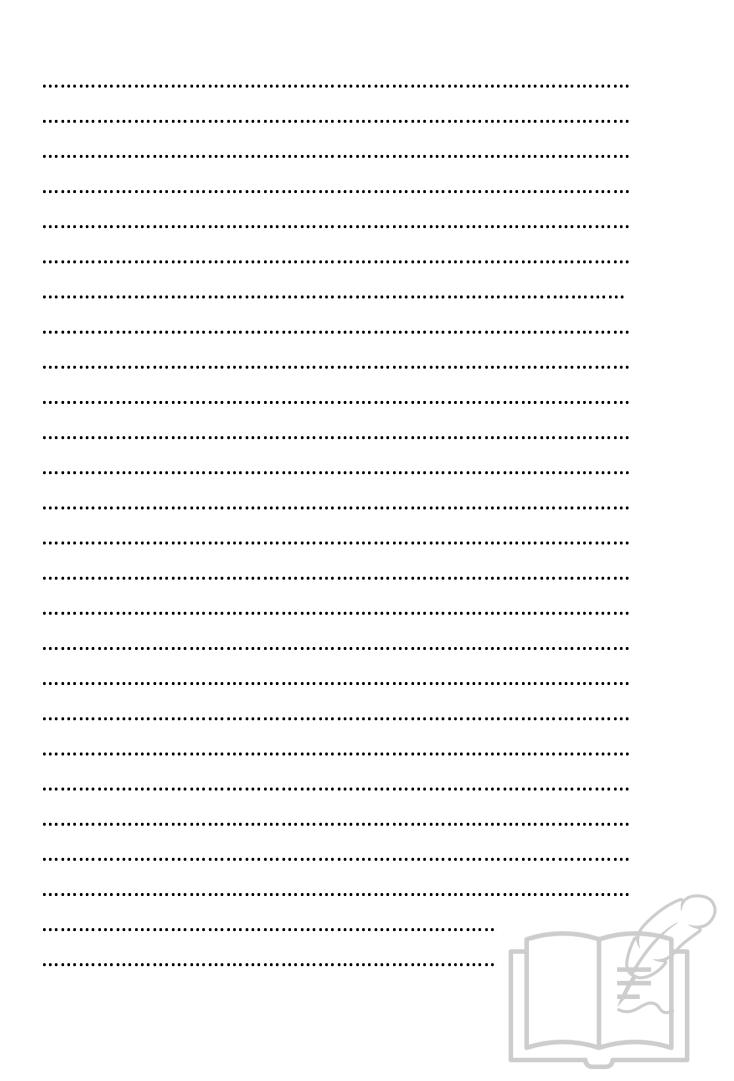

Insert a photo of you during the lockdown period here

Opinion- What has lockdown felt like for you?

Have you had any positive experiences during lockdown? What have these been?

What has been the most challenging for you?

Summer Challenge

The Summer Challenge is an opportunity to complete as many of the activities on the following page as you can!

When you've done one, tick it off and write the date that you achieved it.

You'll notice the last box says "Your Choice". You can use that box to tell us about something exciting you've done in the holidays; for example, ordered dinner in another language, or taken up a new hobby. It's really very simple.

We hope you enjoy it. Please keep as much evidence of your challenges as you can – it might be a photo or a ticket stub or a copy of a letter. We'll talk about them in September.

Summer Challenge

Watch the news

Tell someone how much they mean to you

Date completed:

Do a household chore without being asked

Date completed:

Read a new book

Date completed:

Give five things you don't need any more to a charity shop

Date completed:

Date completed:

Walk a journey that you would normally take by car or bus

Date completed:

Write to your MP about an issue that you think is important

Date completed:

Watch a black and white movie

Date completed:

Learn a poem by heart

Write a list of things you'd like to accomplish by the time you're 18

Date completed:

Cook a meal for your family

Date completed:

Handwrite a letter to someone and post it

Date completed:

Spend time with a family member doing something THEY enjoy

Date completed:

Date completed:

Talk to an older relative about your family history

Date completed:

Learn a new card or board game

Date completed:

Keep a record of how much you spend in one week

Date completed:

Grow something you can eat

Date completed:

Do a whole load of laundry from start to finish

Date completed:

Make something for someone else instead of buying it

Date completed:

Your choice

Date completed:

House Investigation

Our school houses are named after inspirational women who have achieved the very best in their field.

Tutor Groups	House	Colour
7PK1 & 7PK2	Pankhurst after Emmeline Pankhurst	Red
7RD1, 7RD2 & 7RD3	Roddick after Anita Roddick	Green
7RW1 & 7RW2	Rowling after JK Rowling	Yellow
7HL1 & 7HL2	Holmes <i>after</i> Dame Kelly Holmes	Blue

Your task is to complete some research on the person your house is named after, and on the next page present your findings.

You might write something or draw a picture and annotate it (write comments around it). Perhaps it'll be a poem or a retelling of a famous story that involved them. The blank page is yours!

Who have you researched?

Numeracy Ninjas

You have been given five different Numeracy Ninja sessions (one a day) to complete.

You will need to set a countdown timer to **five minutes** for each session.

Start with session one and once you have checked the answers you will reveal your starting belt colour.

The answers are in the back of this booklet. The aim is to try and improve each day to gain a new coloured belt by session five! Are you up to the challenge?

Which belt does your Score earn you?

DP3 WHITE

YELLOW 40-6

909 DRANGE

GREEN 10-12

NAPOT BLUE

PURPLE 110-21

222-2E RED

BROWN 25-25

My New Routine

Starting secondary school comes with a set of responsibilities and routines that you should be prepared for. Spend some time over the summer with your parents/carers thinking about the following questions. You might want to write your answers underneath to help you remember...

- When will you pack your school bag?
- How will you make sure you have everything you need with you for each day?
 - ((()))
- What time will you need to wake up in the morning? Have you got an alarm ready?
- How will you get to school? Is it the same every day?

 Will you bring packed lunch, or school lunch or a mix? How and when will you decide?

 How will your parents/carers interact with you about your schoolwork? What questions would be helpful for them to ask you?

We look forward to seeing you in September.

Please bring this completed booklet with you; several of your teachers will be looking at it.

Answers for Numeracy Ninja sessions

The answers to all sessions are on the next pages of this booklet. Make sure you have completed the session first before checking!
