STEM Engage and Inspire

Leader: Mr Ahmad

AWS GetIT includes programme curriculum and an optional competition which help students to think about how they can solve real issues faced by their school or community. Students will learn design skills, the principles behind designing an app and the practicalities of building one. They will work in teams and gain self-confidence by presenting ideas to wider audiences, all while being exposed to technology as a potential career. We will be paired with a dedicated AWS GetIT ambassador who will support and act as a role model for students.

For Years: **10**
