

12 September 2017

Dear

It is amazing how quickly time seems to go! This is a really important academic year for your daughter. She will be sitting three GCSE exams for Geography in the summer of 2018.

These exams will cover the work she learnt in Year 9, Year 10 and Year 11. In order to prepare your daughter to meet her target grade and achieve success in geography we will be running extra revision sessions after school (3:15pm – 4:00pm) on Mondays. These classes will start on Monday 2<sup>nd</sup> October.

Some of the sessions will cover content revision and others will cover exam techniques.

At this stage we wanted to make you aware of the opportunity that we are offering. It is in your daughter's best interest to attend the sessions but we understand that there may be occasions when she is unable to attend. In this instance, it is important that your daughter informs her teacher ahead of the time to collect resources.

**Mrs Norman's** class will be in **B2**, **Mrs Baker's** class will be in **B1** and **Mrs Stangroom's** class will be in **B3**.

We are keen to see your daughter succeed this year as we sure you are too.

If you have any questions, please email me at: [shewson@suttonlea.org](mailto:shewson@suttonlea.org).

Yours sincerely

**Mrs S Norman**  
**Curriculum Leader for Geography**

**Reply slip: Please return to Mrs Norman in the Geography Office**

Student's Name: ..... Tutor Group: .....

I would like my daughter to attend to attend additional support classes for Geography after school on Mondays from 3.05pm to 4.05pm commencing Monday 18<sup>th</sup> September 2017.
