# Show My Homework

You can view a list of your classwork and homework here on your “To do list”:

The screenshot shows the 'satchel:one' interface. On the left is a dark blue sidebar with a user profile for 'Olivia' and a list of navigation options: Calendar, Timetable, Gradebook, Behaviour, Notice board, My drive, Support, and Logout. The 'To-do list' option is highlighted in green. The main content area is titled 'To-do list' and has tabs for 'Issued' and 'Completed'. A search bar is at the top right. Below the tabs, there's a filter instruction and a search box. A red line separates the 'Past due' section from the 'This week' section. The 'Past due' section contains one item: 'Wednesday 06 January' with the title 'Wednesday 6th January P5 Maths' and a description about a Hegarty Task. The 'This week' section contains two items: 'Thursday 07 January' with titles 'Thursday 7th January Lesson 3 Ccs' and 'Thursday 7th January Maths P2'.

# Having problems with wifi?

At the moment lots of people are accessing the internet using their wifi, which is causing extra pressure on the quality of our wifi at home.

We understand that at times your wifi may not be working to it's best ability. If you are having problems and cannot access a MS Teams lesson or SMHW, try emailing your teacher from a mobile phone (if you have data) to see if they can help you in this way. If not, try again later.

**Remember:** Your workbooks have been designed to provide you with everything you need to access work at home. If you can't access something online, complete the work in your workbook as best as you can and try to access MS Teams or Show My Homework again during the next lesson.

**If you do not have access to wifi at all at home, please contact your Head of Year.**
